

## Q. Is it safe to provide credit card information for shopping on Internet ?

- All of your transactions are handled in PayPal protected by powerful SSL encryption software.
- Your credit card number, name, address, phone number and password are protected by [PayPal data security](#).
- All card data is stored, transmitted, and processed by PayPal and not by [www.Bookganga.com](http://www.Bookganga.com) .
- PayPal's secure e-commerce payment technology is used for the payments in Bookganga.com .
